President's Letter

Dear PIMA Members,

We are pleased to present to you the 2005 PIMA Buyers Guide, a valuable resource guide to equipment and materials, chemicals and services used in the pulp and paper industry. The Buyers Guide, a \$120.00 value, is one of your benefits of PIMA membership.

Included in the Buyers Guide are various sections that list suppliers and manufacturers for numerous products used in the industry, contact information for companies with listings, and trade names for machines and materials used in the industry, with the name of the company. With all of this information readily available, this resource is sure to be useful to you.

For updates to Buyers Guide listings, check the online version of the Buyers Guide at www.pimaweb.org.

We hope that you will also take advantage of your other member benefits, including PIMA OnDemand live Webcasts and computer-based training that is available 24/7 from your desktop. Visit www.pimaweb.org for details on current PIMA OnDemand courses.

We look forward to seeing you at PIMA's 2006 national conference May 21-24, 2006 in Orlando, Florida.

Best regards,

Ralph W. Feck, 2004–2005 PIMA President

Jeffrey A. Hamilton, 2005–2006 PIMA President

TRIOTEX - PrintLine
Albany International

TRITON™ - surfactants
Dow Chemical Co (The)

TUFF KOTE - wire return rolls
National Roll Kote

TWIN WIRE ARC - highest deposit rate in thermal spray equipment technology
SHW Inc

U SERIES - self priming centrifugal high efficiency pump
Gorman-Rupp Co

UCON™ - fluids and lubricants
Dow Chemical Co (The)

ULTLAMATE - premium material for critical nipped applications
Vail Rubber Works Inc

ULTRATEX - KraftLine
Albany International

ULTRAWEAR™ - ceramic wear surface
Kadant AES

UNIGY™ - high efficiency pumping system for variable flow applications
Kadant AES

VANEGARD - vacuum pumps with stainless steel to retain airflow
Vooner FloGard® Corporation

VERENATE® - ps-peroxide stabilizer
Dow Chemical Co (The)

VERONA® - basic dyestuffs for wood-containing printing and newsprint papers
Lanxess Corporation

VERSENE® - chelating agents (EDTA)
Dow Chemical Co (The)

VERSENEX® - chelating agents (DPTA)
Dow Chemical Co (The)

VERSENOL® - chelating agents (HEDTA)
Dow Chemical Co (The)

VID® - drainage device to control drainage and turbulence on the fourdrinier
Kadant AES

VOONER - vacuum pumps
Vooner FloGard® Corporation

Webinspector™ - 100% sheet inspection for all defects such as holes, slime, thin spots and dirt
Papertech Inc

WebVision®Plus - automated event capturing and web monitoring system determines the root cause of breaks and quality defects
Papertech Inc

WESBELT® - vacuum belt threading
WESPATT Inc

WESCAT - cationic wet-end potato starches made to the highest quality standards to insure maximum performance
Western Polymer Corp

WESCOTE - carboxy methol starches for coating and size press applications and CMC replacement
Western Polymer Corp

WESPATT® - pneumatic rope stretchers
WESPATT Inc

WESPOLY - cationic starches engineered for superior performance with retention and drainage chemistries
Western Polymer Corp

WESTECH - cationic size press potato starches; strong film formers designed to provide excellent surface strength at low additions
Western Polymer Corp

WET-N™ - cationic self-retaining anatase TiO₂ slurry
CPM Industries Inc

WETEC-FAS - wet installation floating aeration system.
Aeration Technologies Inc

WETEC-TAS - wet installation tethered aeration system.
Aeration Technologies Inc

WYSS FLEX-A-TUBE® - diffuser-flexible tube fine bubble aeration
